## **SUMMARY**

---

Flutter Developer above 2 years of experience building cross-platform applications for iOS and Android. Proficient in **BLoC state management**, **clean architecture principles**, and delivering production-ready mobile apps. Strong background in **API integration**, **performance optimization**, and **app store deployment processes**

## **KEY SKILLS**

---

**Mobile Development:** Flutter, Dart, BLoC Pattern, State Management, Clean Architecture, Xcode, Android Studio, App Store Deployment, Play Store Deployment

**Backend & Databases:** RESTful APIs, Firebase Authentication, Firebase Messaging, SharedPreferences, Hive.

**Tools & Technologies:** Git, Version Control, Visual Studio Code, Android Studio, Xcode, Postman, Figma

## **TECHNICAL SKILLS**

---

- **Flutter Basics** – Widgets, state management, navigation, and the core framework concepts.
- **Dart Programming** – Syntax, async/await, Futures, Streams, and advanced Dart features.
- **State Management** – setState, Provider, Riverpod, and BLoC with practical scenarios.
- **UI Development** – Layouts, animations, responsive design.
- **Networking** – REST APIs, JSON parsing, error handling.
- **Database & Storage** – SQLite, Hive, SharedPreferences, and Firebase.
- **Performance Optimization** – Rendering, widget rebuilds, memory management, and app size reduction.
- **Architecture & Design Patterns** – Clean Architecture, MVVM, MVC, dependency injection with get\_it, and provider.
- **Native Integration** – Platform channels, integrating with Android & iOS modules.
- **Deployment** – Play Store & App Store publishing.

## EXPERIENCE

---

TechJays	Coimbatore
Software Engineering Analyst	Oct 2024 – Present

**Project: Bracketology TV – Fantasy Sports Mobile App**

- Architected and delivered a cross-platform fantasy sports mobile application using Flutter and BloC pattern, ensuring scalable and maintainable codebase following clean architecture principles
- Optimized app performance by implementing pagination for league search functionality and cache management using Isar database
- Managed complete iOS and Android deployment lifecycle, resolving certificate trust issues and ensuring smooth App Store and Play Store releases
- Established performance testing framework using k6 load testing scripts to monitor and optimize application responsiveness

TechJays	Coimbatore
Flutter Developer Intern	Mar 2024 – Sep 2024

**Project: Lifewink**

- Worked under senior developers contributing by taking assigned tasks and delivering code through pull requests.
- Performed feature testing to ensure quality and functionality before deployment.

I have worked as a QC analyst in Caponex Labs from Mar 2022 to Aug 2023

## CERTIFICATION

---

Python Programming	Chennai
Besant Technologies	Sep 2023- Feb 2024

## EDUCATION

---

MSc. – Chemistry	Kanyakumari
Scott Christian College	2019-2021
BSc. – Chemistry	Kanyakumari
Scott Christian College	2016-2019
